**1. DEPARTMENT OF AGRICULTURE
*Maryland Agricultural Cost-Share Program - Grants***

Recommendation: That the Board of Public Works approve funding for nine individual grants under the Maryland Agricultural Cost-Share Program.

Amount: \$450,764

Fund Source: MCCBL of 2018: *Provide funds for assistance for the implementation of best management practices that reduce soil and nutrient runoff from Maryland farms, Item 18274*

County	Grantee	Agreement #	Amount
Carroll	Bryan K. Rinehart	MP-2022-2516	\$77,312.81
		MP-2022-2517-C	\$100,000.00
		MP-2022-2518	\$22,100.00
	Steven M. Bassler	MP-2022-2528-C	\$80,600.00
		MP-2022-2529	\$36,451.19
		MP-2022-2530	\$19,900.00
Frederick	Teabow, Inc.	MP-2022-2509-C	\$100,000.00
Talbot	Edward F. Schlichter	CR-2022-2477	\$2,600.00
	Sandra B. Monahan	CR-2022-2519	\$ 11,800.00

Authority: "Cost-Sharing-Water Pollution Control," Sections 8-701 to 8-705, Agriculture Article, Annotated Code of Maryland; COMAR 15.01.05

Remarks: The Maryland Department of Agriculture has determined that each of these projects is eligible for cost-share funds. Each project has received technical certification from the appropriate Soil Conservation District Office. The farmer has signed the cost-share agreement and accepts the grant conditions.

**2. DEPARTMENT OF AGRICULTURE
*Maryland Agricultural Cost-Share Program- Additional Funding***

Recommendation: That the Board of Public Works approve granting additional general obligation bond proceeds to four grantees under the Maryland Agricultural Cost-Share Program.

Amount: \$27,534.22

Fund Source: MCCBL of 2018: *Provide funds for assistance for the implementation of best management practices that reduce soil and nutrient runoff from Maryland farms.* Item 18274

County	Recipient	Agreement #	Amount
Cecil	Ise Realty Group, Inc.	SA-2021-2014	\$14,882.51
Harford	Linda B. Worthington	RS-2021-2487	\$1,104.31
Kent	Shipping Creek Farm, LLC	AT-2021-1984	\$2,547.40
Montgomery	William F. Willard Farms	MP-2022-2043	\$9,000.00

Authority: "Cost-Sharing-Water Pollution Control," Sections 8-701 to 8-705, Agriculture Article, Annotated Code of Maryland; COMAR 15.01.05

Remarks: The Maryland Department of Agriculture has determined that each of these projects is eligible for cost-share funds. Each project has received technical certification from the appropriate Soil Conservation District Office. The farmer has signed the cost-share agreement and accepts the grant conditions.

Additional funds are requested for these projects to offset additional costs realized at the completion of the project. These additional costs are a result of design changes required based on site conditions encountered during construction, design changes to improve project effectiveness, or because the level of co-cost share funding originally anticipated was not available when the project was completed.

4. **BOARD OF PUBLIC WORKS**
Wetlands Licenses

Recommendation: The Board of Public Works Wetlands Administrator recommends that the Board grant tidal wetlands licenses for projects involving filling and dredging in the navigable waters of Maryland.

MDE: The Maryland Department of the Environment concurs with this recommendation.

Authority: Section 16-202, Environment Article, Annotated Code of Maryland: “*The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.*” See also COMAR 23.02.04.

ANNE ARUNDEL COUNTY

21-0294 *REID TOWNSEND* – To improve navigable access by mechanically dredging a new area and providing a six-year license.

Millersville, Severn River

Special conditions: Time of year restriction. Requirements for transport of dredge material, maintenance dredging, staking of dredged area, post dredge bathymetric survey, and disposal of dredge material.

21-0822 *ANNE ARUNDEL COUNTY DEPT. OF PUBLIC WORKS* – To provide shoreline erosion control and beach maintenance at Mayo Beach Park by modifying existing breakwaters, nourishing the beach with sand, reconstructing and enlarging an existing groin, and filling with sand to create marsh.

Edgewater, South River

Special conditions: Requirements for marsh construction, acceptance of marsh maintenance plan, and submission of annual photographs.

Wetlands Created: 10,034 square feet

SOMERSET COUNTY

20-1304 *DELMARVA POWER & LIGHT* – To upgrade 20 miles of electrical line within existing right of ways by replacing three electric cables and one neutral cable crossing 605 linear feet of state tidal wetlands.

Deal Island and Mt. Vernon Roads, Monie Bay and Monie Creek

Special conditions: Time of Year Restriction. Requirements for local authorization.

5. **BOARD OF PUBLIC WORKS**
Wetlands License - #20-1533 – William Harris

Recommendation: The Board of Public Works Wetlands Administrator recommends that the Board grant a tidal wetlands license for beach nourishment and the construction of a stone groin (jetty), a project involving filling in the navigable waters of Maryland.

MDE: The Maryland Department of the Environment concurs with this recommendation.

- Application received December 30, 2020
- Public comment period ended May 15, 2021
- 1st MDE Report and Recommendation received July 22, 2021
- 2nd MDE Report and Recommendation received December 13, 2021

Authority: Section 16-202, Environment Article, Annotated Code of Maryland. “*The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.*” See also COMAR 23.02.04.

ANNE ARUNDEL COUNTY

20-1533 *WILLIAM HARRIS* – To reduce shoreline erosion by providing beach nourishment with sand and installing a stone groin.
Pasadena, Chesapeake Bay
Special conditions: Requirements for beach nourishment area construction.

Application: The property of Mr. William Harris, the applicant, contains 225 linear feet of shoreline on the Chesapeake Bay, with no existing erosion control structures. Mr. Harris has applied for a tidal wetlands license to nourish his beach with sand and install a 41.66 linear foot groin on his property.

Public Comment to the Board: Ms. Elizabeth Anderson, an adjacent property owner, opposes the Board granting the proposed license. Ms. Anderson is concerned that the proposed groin may harm the beach on her property. Ms. Anderson objects to the process MDE followed in issuing its recommendation that the Board grant the license, specifically whether Mr. Harris demonstrated an erosion problem at his beach justifying the proposed groin. Ms. Anderson also called into question whether MDE’s Living Shoreline Waiver process was followed, as well as MDE’s change in project classification from Shore Erosion Control (COMAR 26.24.04.01.D(1)) in the first MDE Report and Recommendation to Filling/Beach Nourishment (COMAR 26.24.03.06.D) in addition to Shore Erosion Control (COMAR 26.24.04.01.D(1)) in MDE’s revised Report and Recommendation.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
March 23, 2022

5. **BOARD OF PUBLIC WORKS** (cont'd)

Wetlands Administrator's Review: The Board of Public Works' Wetlands Administrator visited the site, reviewed MDE's revised Report and Recommendation and comments submitted, and discussed the project with the applicant's agent, interested persons, and a coastal engineer. The proposed 41.66 linear foot stone groin is significantly shorter than three upcoast groins. The shorter groin length is expected to create less sand transport and/or disruption to sediment transport than the longer upcoast groins, especially given that sand will be added with the groin installation and offset potential interruption to sediment transport. Examination of the unique location of the Harris beach (facing east) combined with seasonal sediment transport characteristics (in summer moving northward and in winter from the northwest or northeast) support a determination that the proposed groin should not harm Ms. Anderson's property. This conclusion is supported by two engineering publications that identify acceptable lengths and distances from a property boundary that a proposed groin should follow.

A beach nourishment project with a sand containment structure, in this case a groin, is a frequently regulated tidal wetlands activity requiring a BPW license or an MDE permit/license. In 2021, BPW issued wetlands licenses for nine beach nourishment projects; eight of the nine projects (89%) include a stone structure or a timber groin as part of the beach nourishment design. The Harris final design was approved by MDE, and the Department of Natural Resources had no concerns with the project. The U.S. Army Corps of Engineers reviewed and approved the original project design (prior to revision) and issued a General Permit on April 5, 2021.

Mr. Harris is proposing a 41.66 linear foot groin in lieu of a 225 linear foot stone revetment that would utilize far more stone than the groin. The Wetlands Administrator agrees with MDE that the groin footprint is favorable ecologically compared to the larger impact of a revetment or breakwater along the entirety of Mr. Harris's 225 linear feet of shoreline. MDE and the Administrator concur that the Board of Public Works should grant this license.

This Tidal Wetlands License was withdrawn from the October 6, 2021 BPW Agenda (Secretary's Agenda, Item 8)

6. **BOARD OF PUBLIC WORKS**

Wetlands License -- #21-0154 – Town of Queenstown

Mitigation

Recommendation: The Board of Public Works Wetlands Administrator recommends that the Board grant a tidal wetlands license to improve navigable access by reconstructing an existing public boat ramp and additionally recommends mitigation to improve habitat by eradicating 600 square feet of an invasive plant, *Phragmites*, to offset impacts to 19 square feet of vegetated tidal wetlands.

MDE: The Maryland Department of the Environment concurs with this recommendation.

- Application received February 11, 2021
- Public comment period ended January 15, 2022
- MDE Report and Recommendation received February 23, 2022

Authority: The “Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.” *Section 16-202, Environment Article, Annotated Code of Maryland*; see also COMAR 23.02.04.

Mitigation: The replacement concrete boat ramp will result in permanent impacts to 19 square feet of vegetated tidal wetlands. MDE recommends that the Licensee eradicate 600 square feet of *Phragmites* as mitigation for permanent impacts to 19 square feet of vegetated tidal wetlands. Out of kind mitigation (i.e. *Phragmites* eradication for loss of vegetated tidal wetlands) is stipulated by regulation to occur at a ratio of 4:1 (COMAR 23.02.04.11.B). The 600 square feet far exceeds the required mitigation amount of 76 square feet.

$$19 \text{ square feet} \times 4 \text{ (4:1 ratio)} = 76 \text{ square feet required}$$

QUEEN ANNE’S COUNTY

21-0154 *TOWN OF QUEENSTOWN*– To improve navigable access by reconstructing an existing public boat ramp.

Queenstown, Queenstown Creek

Special conditions: Requirements for Town of Queenstown Department of Planning and Zoning review and authorization, maintenance and monitoring of mitigation site, mitigation plan for the eradication of Phragmites approved by the Water and Science Administration Tidal Wetlands Division, burial of excavated material from the Phragmites area, and pesticide permit from MDE. Restrictions on future dredging.

Wetlands Enhanced: 600 square feet

7. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT**
Energy Efficient Homes Construction Loan Program

Recommendation: That the Board of Public Works approve lending additional general obligation bond proceeds for this project.

Prior Approval: Secretary's Agenda, Item 8 (12/16/2020)

Borrower: Brand LLC

Project: Marble Hill Affordable Home Ownership Project
1402 Druid Hill Ave., Baltimore, 21217
Baltimore City

Authority Sections 4-2001 – 4-2006, Housing and Community Development Article, Annotated Code of Maryland; COMAR 05.03.08
The Energy Efficient Homes Construction Loan Program makes loans to rehabilitated or new construction projects that achieve low energy use (HERS score of 50 or less) or net zero upon completion.

Original Loan Amount: \$256,000

Additional Funds: \$ 25,600

Modified Loan Amount: \$281,600

Fund Source: MCCBL 2019: 19326 Net Zero– *Housing and Building Energy Programs*

Collateral: Deed of Trust

Description: The original loan was approved by the Board of Public Works on December 16, 2020 (Secretary's Agenda, Item 8). Due to cost escalations, the project is seeking to add 10% (\$25,600) of the original loan amount to the loan. The project entails the gut-renovation construction of one single family, for-sale rowhome. It is designed to achieve net zero utility usage, is located in a neighborhood in which the Department has made a number of investments over the past several years, and the loan will be repaid upon sale. The Developer/Builder is a newer organization with the primary mission objective of creating environmentally friendly housing affordable to lower income households.

8. MARYLAND ENVIRONMENTAL SERVICE

Service Contract: Provide Operation and Maintenance of the W.R. Grace & Co. Industrial Landfill
MES Project # 2-17-4-42 (Current - Expires 6/30/22)
MES Project # 2-22-4-42 (Proposed - Start 7/1/22)

Recommendation: That the Board of Public Works approve a Maryland Environmental Service (MES) contract to continue providing solid waste management services for the W.R. Grace & Co. Industrial Landfill located at 5500 Chemical Road in Baltimore.

Authority: Section 3-107(f), Natural Resources Article, Annotated Code of Maryland (MES Reform Act of 2021)
“Except as provided in paragraph (2) of this subsection, the review and approval of the Board of Public Works shall be required on any contract for the provision of requested services with a value of \$250,000 or more.”

Amount: \$1,322,280 – Years 1-3
\$ 491,256 – Year 4 extension
\$ 511,054 – Year 5 extension

Term: 7/1/2022 - 6/30/2025 (with two 1-year extensions)

Remarks: W.R. Grace and Co. operates an industrial facility located at 5500 Chemical Road in Baltimore. A silicate byproduct is produced by the industrial processes and is landfilled onsite at the W.R. Grace Industrial Landfill/Monofill. MES provides material management, landfill maintenance, grounds maintenance and landscaping, onsite pond dredging, and other services as needed. The landfill is currently in compliance with all applicable MDE permits. In 2014, MES was approached by W.R. Grace to operate the Landfill. The volume of material that is landfilled is small and does not require a full-time staff on site each day. MES was uniquely qualified to perform the work based on its successful experience operating landfills. MES is also able to commit labor resources from other nearby operations allowing for an economy of scale that reduces the cost of operations. In reviewing the request, MES determined that the work is consistent with its authority under the MES Act, leads to sound environmental stewardship, and provides an economic benefit to the State through its support of an important Maryland industry.

MES has continually operated the W.R. Grace landfill since 2014. The current MES contract (2-17-4-42) with W.R. Grace & Co. for landfill operations expires on June 30, 2022. W.R. Grace requested a proposal for a new 3-year contract term from July 1, 2022 to June 30, 2025, including the option of two 1-year extensions. The final end date of this contract will be June 30, 2027 if the renewals are exercised.

9. **MORGAN STATE UNIVERSITY**
***Deferred Maintenance – Manhole Steam Trap Replacement
Construction***

Contract ID: Deferred Maintenance, DCM-STR-19-1CO

Project: Replace the steam traps campus manholes, along with any other work necessary to improve the conditions of the manholes to allow for safe and proper maintenance.

Recommendation: That the Board of Public Works approve Morgan State University encumbering general obligation bond proceeds for a modification to a contract with EMJAY Engineering and Construction Company, Inc. for deferred maintenance projects.

Prior Approval: Secretary's Agenda, Item 9 (2/19/2020)

Contractor: EMJAY Engineering and Construction Company, Inc.
1706 Whitehead Road, Baltimore, MD

Contract Term: 10 months from Notice to Proceed

Original Contract Amount: \$ 473,990

Prior Modifications: \$ 241,992

This Modification: \$ 675,512

Total Amount: \$1,391,494

MBE Participation: Due to the singular/special type of work of this procurement no MBE goals were established.

Performance Bond: Yes

Fund Source: MCCBL 2019: Item #346- *Provide funds to design, construct and equip various infrastructure, building systems and site improvements, \$10,000,000, provided that \$1,000,000 of this authorization may not be expended until Morgan State University submits a report to the budget committees that provides the following information:*

1. *The priority rankings developed by that list for deferred maintenance and site improvement projects;*

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
March 23, 2022

9. **MORGAN STATE UNIVERSITY** (cont'd)

Fund Source (cont'd):

2. *The projects that are listed as deferred maintenance and the projects that are listed as site improvement; and*
3. *The costs associated with each of those projects.*

The report shall be submitted to the budget committees on or before July 1, 2019. The budget committees shall have 45 days to review and comment. Total Authorized – Deferred Maintenance and Site Improvements \$10,000,000.

Note: The required information was sent to the Joint Chairman and approval was provided releasing the \$1,000,000, August 23, 2019.

Remarks: This project is one of several deferred maintenance/site improvement projects to be covered by the MCCBL funded amount of \$10,000,000.

The contract amount has been adjusted and exceeds \$1,000,000 through a series of change orders (including this change order), that were previously authorized by Morgan State University. This work is to include the completion of the build out of three manholes that was not included in the original scope of work. In February of 2021, the Department of Budget and Management approved a scope modification to include the manholes. The majority of the changes were required after the contract was awarded as one was not able to get into the manholes while the steam was on to fully assess the problems.

This is the first of several projects to be submitted over the course of the year.

of the Health and Human Services Building project.

Prior Approvals: Secretary's Agenda, Item 8 (2/19/2020) Preconstruction Services
Secretary's Agenda, Item 10 (12/15/2021) GMP A (BP A.1)

Fund Source: MCCBL 2021: Item #555- *Provide funds to complete design and begin
construction of the new Health and Human Services Building,*

Contractor: Barton Malow Builders
Baltimore, MD

Contract Amount:

Preconstruction Services	\$ 475,109
GMP A (BP A.1)	\$ 6,970,699
GMP B (BP A.2) (this Item)	<u>\$ 34,338,492</u>
Total Contract Amount	\$ 41,784,300

Contract Term: 84 months from issuance of the Notice to Proceed

Remarks: This contract for constructing deep foundations, concrete, building envelope, and elevators is the second Guaranteed Maximum Price contract for this project.

Morgan State University's Health and Human Services Building is located at Hillen Road and Argonne Drive. The building will support the University's programs, services, and activities related to the School of Community Health and Policy, School of Social Work, Family and Consumer Sciences Department, Medical Technology Program, Prevention Sciences Research, and Counseling Services. This project is projected to meet LEED Silver.

This request is for the Board of Public Works to approve Morgan State University awarding GMP B (BP A.2) for the total contract amount of \$34,338,492 with a maximum cash expenditure of \$15,000,000 (GMP B-1) in FY 2022. Cumulative cash appropriations for construction GMPs A + B, not to exceed \$29,000,000 in FY 2022, MCCBL 2021. **The estimated total project cost is \$171M.**

11. **MORGAN STATE UNIVERSITY**
Improvements – Hurt Gymnasium

Contract ID:	OES-HURT-22-10K-MCEC
Recommendation:	Approve a construction services contract to improve the spaces and building systems of Hurt Gymnasium.
Procurement Method:	Request for Qualifications, procured by the Maryland Clean Energy Center
Award:	Siemens Group USA, Baltimore, MD
Amount:	\$15,435,247 (capital purchases)
Contract Term:	12 Months from issuance of Notice to Proceed
MBE Participation:	30%
Fund Source:	100% Federal Grant; ARPA (HEERF III) Funded

Remarks: This is one of several improvement projects at Morgan State University. This project includes renovation of interior spaces and improvements to mechanical, electrical, plumbing, roofing, and life safety systems at Hurt Gymnasium.

To develop and execute a plan for campus comprehensive energy efficiency enhancement and sustainability, MSU partnered through an MOU with the Maryland Clean Energy Center (MCEC), an instrumentality of State, to advance the adoption of clean energy products, services, and technologies that create jobs and positive environmental benefits for Maryland.

At the request of MSU, MCEC developed and executed a Request for Qualifications process to identify and select a vendor with the appropriate experience to enter into a Master Services Agreement with MCEC to provide services to MSU. Only the nine vendors that have been pre-qualified for the State of Maryland Indefinite Delivery Contract (IDC) were invited to respond to the RFQ process. All nine companies responded with written proposals. Those proposals were considered through a rigorous evaluation process to narrow the field to three vendors, who were invited to give an oral presentation. Representatives from MSU and MCEC were included on the evaluation committee. This group selected Siemens as the most qualified and desirable among the final three vendors.

REVISED

11. **MORGAN STATE UNIVERSITY** (cont'd)

Remarks (cont'd):

MCEC is contracting with Siemens on behalf of MSU to perform various tasks related to the overall campus comprehensive energy and sustainability vision and plan, along with the design and execution, including this specific Task Order, as part of the tenth task order, to perform work for the **Hurt Gymnasium**. The task order system enables the University to address long overdue improvement projects that are part of the University's plan.

In addition, MSU hired, through its procurement process, an engineering consulting firm to review and benchmark the project at the request of MSU. This firm, NV5, is also contracted with DGS. While commending the design and benefits of the project, NV5 has provided excellent advice and experience in making sure that pricing is not only competitive but in line with the expectations of the MCEC and MSU.

12. **MORGAN STATE UNIVERSITY**
Improvements – Murphy Fine Arts Center

Contract ID:	OES-MURPHY-22-07B-MCEC
Recommendation:	Approve a capital construction services contract to improve the spaces and building systems of the Murphy Fine Arts Center
Procurement Method:	Request for Qualification, procured by the Maryland Clean Energy Center
Award:	Siemens Group USA, Baltimore, MD
Amount:	\$8,299,346 (capital purchases)
Contract Term:	12 Months from issuance of Notice to Proceed
MBE Participation:	5 %
Fund Source:	100% Federal Grant; ARPA (HEERF III) Funded

Remarks: This is one of several improvement projects at Morgan State University. This project includes restoring the Gilliam Concert Hall to full functionality, refurbish or replace deteriorated HVAC equipment, improve building temperature controls, and enhance the Center's indoor air quality (IAQ) and its ability to combat airborne viruses

To develop and execute a plan for campus comprehensive energy efficiency enhancement and sustainability, MSU partnered through an MOU with the Maryland Clean Energy Center (MCEC), an instrumentality of state, to advance the adoption of clean energy products, services, and technologies that create jobs and positive environmental benefits for Maryland.

At the request of MSU, MCEC developed and executed a Request for Qualifications process to identify and select a vendor with the appropriate experience to enter into a Master Services Agreement with MCEC to provide services to MSU. Only the nine vendors that have been pre-qualified for the State of Maryland Indefinite Delivery Contract (IDC) were invited to respond to the RFQ process. All nine companies responded with written proposals. Those proposals were considered through a rigorous evaluation process to narrow the field to three vendors, who were invited to give an oral presentation. Representatives from MSU and MCEC were included on the evaluation committee. This group selected Siemens as the most qualified and desirable among the final three vendors.

13. **DEPARTMENT OF PLANNING**
Maryland Historical Trust
Maryland Maritime Archaeology Program

Recommendation: The Maryland Historical Trust recommends that the Board of Public Works approve the activities of the Maryland Maritime Archaeology Program as proposed for the 2022 field season. This Item also summarizes the Program's 2021 activities.

Authority: Sections 5A-333–5A-346, State Finance & Procurement Article, Annotated Code of Maryland

Background: The Submerged Archaeological Historic Property Act established the Maryland Maritime Archaeology Program (MMAP) within the Maryland Historical Trust. This Act charges the Trust with identifying and managing the State's submerged archaeological sites. Under the Act, anyone seeking to excavate or disturb submerged archaeological sites on State lands must obtain a permit from the Trust. The law specifically exempts the Trust from the permit requirement. Instead, the Trust must obtain Board of Public Works approval before undertaking any activity that would otherwise require a permit. In 2022, the Trust proposes to carry out a number of activities that require Board approval.

PROPOSED 2022 ACTIVITIES REQUIRING BOARD APPROVAL

The 2022 MMAP field season will include survey of known sites as well as work in new survey areas around the State. Investigations will use remote-sensing technology and visual inspection. Limited testing and excavation may be undertaken. This may entail the recovery of diagnostic artifacts to determine site age and significance. Trust staff will conserve and analyze these objects and write a report. MMAP activities are open to volunteer participation. Proposed activities are dependent on funding and on necessary health and safety considerations as the COVID-19 pandemic evolves.

Mallows Bay (*Charles County*)

MMAP will continue to partner with Charles County, DNR, and NOAA, as well as the Sanctuary Advisory Council on education and outreach programs as well as the management of the historic vessels and cultural resources in the Mallows Bay-Widewater Historical and Archaeological National Register District, now also the Mallows Bay-Potomac River National Marine Sanctuary. MMAP will provide guidance and oversight in planning a field school at the sanctuary previously proposed by East Carolina University for 2020, which had been postponed until 2022. This University is also seeking partnership on a variety of interdisciplinary research opportunities both related to and separate from the planned field school.

13. **DEPARTMENT OF PLANNING** (*cont'd*)

PROPOSED 2022 ACTIVITIES REQUIRING BOARD APPROVAL (*cont'd*)

U-1105 Historic Shipwreck Preserve (*St. Mary's County*)

MMAF staff will undertake remote sensing survey of the submarine it co-manages with Naval History and Heritage Command and St. Mary's County Museum Division, that was postponed last year. This is part of ongoing condition monitoring but will also facilitate research being undertaken by the non-profit organization, Battle of the Atlantic Research and Expedition Group (BAREG). This organization has received an Historic Preservation Non-Capital Grant from the Maryland Historical Trust and will be collecting data that will benefit all the agencies managing this Preserve. Fieldwork is scheduled for the Spring and all health and safety practices necessary at that time will be observed.

Curtis Bay and Curtis Creek (*Baltimore City and Anne Arundel County*)

MMAF will undertake the recording and documentation of the historic vessels located in several loci within Curtis Bay and Curtis Creek.

Upper Potomac River (*Washington County*)

MMAF is planning to revisit known sites and undertake survey in several areas of the upper Potomac to assess the condition of previously reported Native American and Colonial fish weirs and search for and assess navigational structures related to commerce on the river that culminated in the C&O Canal. This project will take several years and include other counties over time.

Diverse field investigations (*Various Counties*)

MMAF will continue to conduct site inspections as needed to assist Trust staff reviewing projects in compliance with state and federal historic preservation laws. These will be undertaken only as necessary and while observing all practices necessary for health and safety.

Non-profit organizations will continue to inspect, maintain, deploy, and retrieve the mooring buoy of the U-1105 Historic Shipwreck Preserve when necessary – under the auspices of MMAF. This will be necessary for the BAREG survey referenced above. This will be undertaken only as necessary and while observing all practices necessary for health and safety.

MMAF will continue to provide lectures, courses, field activities, and other educational programming related to maritime archaeology. Staff will continue to provide hands-on experiences in site recording methods and remote sensing to volunteers, interns, and members of non-profit volunteer organizations which work in Maryland. These services will be provided virtually when possible and some will be postponed until they may be undertaken in a safe and healthy manner.

MMAF will continue to facilitate the updating of the U.S. Coast Guard and EPA Emergency Response Area Contingency Plan, MMAF reviews and evaluates shoreline and submerged archaeological historic properties to prioritize protection and response strategies. This is likely to continue to be in a virtual manner.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
March 23, 2022

13. **DEPARTMENT OF PLANNING** *(cont'd)*

PROPOSED 2022 ACTIVITIES REQUIRING BOARD APPROVAL (cont'd)

MMAAP will continue to participate in and provide guidance to state and federal agencies, such as the Department of Natural Resources regarding aquaculture and development in Maryland waters; the Bureau of Ocean Energy Management on issues related to offshore wind energy development; with the Department of Homeland Security's Maritime Security Committee; and the Maryland and Potomac Area Contingency Planning Committee. These activities may require limited field investigations. General meetings are likely to continue to be in a virtual manner.

SYNOPSIS OF THE 2021 FIELD SEASON

The 2021 MMAAP field season was, of course, impacted by the ongoing pandemic. In an effort to ensure the safety of staff and members of the public and, in compliance with State directives, planned fieldwork was postponed. When necessary for compliance purposes or when possible while observing all safe health practices and social distancing some limited field activities were undertaken.

U-1105 Historic Shipwreck Preserve *(St. Mary's County)* **Postponed.**

Remote sensing survey of the submarine MMAAP co-manages with Naval History and Heritage Command and St. Mary's County Museum Division had to be postponed due to staffing limitations and pandemic-related health concerns. This work is part of ongoing condition monitoring but will also facilitate research being undertaken by the non-profit organization, Battle of the Atlantic Research and Expedition Group (BAREG). This group has received a Historic Preservation Non-Capital Grant from the Maryland Historical Trust and will be collecting data that will benefit all the agencies managing this Preserve. It was scheduled for the late Spring/Summer.

Curtis Bay and Curtis Creek *(Baltimore City and Anne Arundel County)* **Postponed.**

MMAAP will undertake the recording and documentation of the historic vessels located in several loci within Curtis Bay and Curtis Creek.

Mallows Bay *(Charles County)*

At the Mallows Bay-Potomac River National Marine Sanctuary MMAAP continued to manage the WWI fleet of wooden steamships present there as well as other cultural heritage resources and worked with partner agencies to implement the sanctuary management plan as well as educational and outreach projects.

Other Educational Programming *(Various Counties)*

In 2021 staff provided and organized various virtual lectures on maritime archaeology, and virtual trainings for students, volunteers, interns, and members of non-profit volunteer organizations, which work in Maryland.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
March 23, 2022

13. **DEPARTMENT OF PLANNING** (cont'd)

SYNOPSIS OF THE 2021 FIELD SEASON (cont'd)

Diverse field investigations (*Various Counties*)

MMAF continued to conduct site inspections as needed to assist Trust staff reviewing projects in compliance with state and federal historic preservation laws, while observing all necessary health safety practices and social distancing.

The non-profit organization, IMH, suspended activities to inspect, maintain, deploy, and retrieve the mooring buoy when necessary – under the auspices of MMAF. The mooring buoy was not deployed as staff and volunteers could not do this in a sufficiently distanced manner. The USCG was aware that the buoy was off-station until BAREG replaced and recovered it for its specific project safety requirements.

MMAF continued to facilitate, virtually, the updating of the U.S. Coast Guard and EPA Emergency Response Area Contingency Plan, MMAF reviews and evaluates shoreline and submerged archaeological historic properties to prioritize protection and response strategies.

MMAF continued to participate in and provide guidance to state and federal agencies, such as the Department of Natural Resources regarding aquaculture and development in Maryland waters; the Bureau of Ocean Energy Management on issues related to offshore wind energy development; with the Department of Homeland Security's Maritime Security Committee; and the Maryland and Potomac Area Contingency Planning Committee. Meetings were conducted via tele-or video-conferencing due to the pandemic.

14. **MARYLAND STADIUM AUTHORITY**
***Razing and Replacement of the Department of Legislative Services Building –
Guaranteed Maximum Price #1***

Contract ID:	CP-003-DLS-002
Project:	Raze and replace the existing Department of Legislative Services Building located at 90 State Circle Annapolis, MD 21401
Recommendation:	Approve the award of Guaranteed Maximum Price Package #1 to the Whiting-Turner Contracting Company.
Authority:	Section 10-622, Economic Development Article, Annotated Code of MD
Prior Approvals:	Secretary's Agenda, Item 19 (7/7/2021) – Pre-construction Services
Contractor:	The Whiting-Turner Contracting Company Baltimore, MD 21286
Pre-Construction Amount:	\$228,884.10
GMP Package #1 (this Item):	\$17,381,530
Total Amount:	\$17,610,414.10
Term:	3/2022 – 12/2024
MBE Goal:	30%
MBE Subgoals:	8% African-American 11% Women

Remarks: Guaranteed Maximum Price Package #1 represents the construction packages for demolition, abatement, structural concrete, structural steel, elevators, sheeting and shoring, and select earthwork for the project. As identified in the prior recommendation for pre-construction services, MSA indicated its intent to return with phased Guaranteed Maximum Price Packages.

Construction packages were advertised and documents were issued by the CM for trade contractor participation on January 13, 2022 in the following publications: eMaryland Marketplace, MSA's website, the CM's website, MWMCA, as well as directly solicited to numerous trade contractors.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
March 23, 2022

14. **MARYLAND STADIUM AUTHORITY** (cont'd)

Remarks (cont'd):

MSA and the CM conducted pre-bid and site visit meetings at the project site, and all attendees were provided with summary project information and afforded the opportunity to tour the project site. Additionally, outreach and networking sessions were conducted virtually on October 12, 2021, December 9, 2021, January 5, 2022, and February 11, 2022. The sessions were attended by numerous trade contractors and other representatives regarding contracting opportunities and MBE participation.

On February 8, 2022, competitive sealed trade contractor bids were received and opened using the CM's online bidding system, BuildingConnected. The CM received 37 bids for the bid packages advertised. Post-bid scope review meetings were conducted virtually from February 14, 2022 to February 25, 2022. All bid openings and scope reviews were attended by MSA.

The work included in GMP Package #1 is within the current project budget.

The overall MBE participation goal for the project was set at 30% with sub-goals of 8% African American-owned and 11% Women-owned. GMP Package #1 achieves 31.69% total MBE with 2.35% African American and 4.65% Women Owned participation. The CM remains committed to meeting the MBE participation goals established for the project.

GMP Package #2 is anticipated to be submitted for approval in June 2022. This package is estimated to total between \$72 million and \$75 million excluding owner contingency.

FHWA-TAP Grant: \$2,106,377
SMCM General Funds - \$169,331

Term: 3/24/2022 – 3/25/2024

MBE Participation: 7.5%

Performance Bond: Equal to contract amount

Remarks: This project is to construct a 1/3rd mile long pedestrian and bicycle path along MD Route 5 (inclusive of a 200-foot long wooden boardwalk over Fisher's Creek) to connect the College's North Field to existing pathways at the St. John's Pond bridge. This project will enhance student safety by removing bicycles and pedestrians who now must cross Fisher's Creek using a narrow bridge on MD Route 5. This project was initiated in 2014 and required significant negotiations with several environmental agencies. The College was issued a Wetlands license in 2017 and completed mitigation efforts in 2018.

A2. DEPARTMENT OF JUVENILE SERVICES (cont'd)

Remarks: *Nature of Emergency – COVID-19:* Due to the emergent need to augment continuous health care services during the COVID-19 pandemic the Department is in urgent need of a contract for additional medical/nursing staffing for facility health care services, as the Department has experienced a shortfall of clinical staff during the state's pandemic response to care for the youth in its care and custody.

This contract will provide on-site nursing services to male and female youth, ages twelve through twenty years old, and administrative support services at selected DJS facilities necessary to meet the youths' clinical needs while delivering professional and quality nursing care and services that are consistent with the National Council of State Boards of Nursing standards. The contract will ensure continuity of care from clinical healthcare professionals and allow the Department to provide twenty-four hour routine, urgent and emergency medical/ health services for youth. If services are discontinued there will be a gap in service delivery and a negative impact on the continuity of care for youth, families, and staff.

Basis for Selection: Lowest responsive bid submitted by a responsible bidder.

Remarks (cont'd):

While the tents were being used, DGS retrofitted an existing building on MCI-H's premises and converted that building into a medical facility. That building needed backup generator power and fuel for the emergency medical equipment. These generators were in use from October 2020 to the time they were removed in September 2021.

Basis for Selection: DPSCS contacted a local supplier with a proven track record of supplying these services and confirmed their availability. Given the emergency circumstances, upon confirmation of the availability of their services, they were contracted.

Reason for Late Report: DPSCS aims to submit all reports to the BPW in a timely manner, including those involving COVID-related emergencies. Unfortunately, this item was not reported during a period of transition within the DPSCS procurement department. New management promptly reviewed the documentation and submitted the report as expeditiously as possible.

11A. PROGRAM OPEN SPACE STATE SHARE
Wicomico County (Larner Trust, et al.)

Recommendation: That the Board of Public Works approve the acquisition.

Description: This mostly forested property is located at the headwaters of Davis Branch, a tributary to the Pocomoke River, and is part of the Pocomoke-Nassawango Important Bird Area identified by the Audubon Society as one of the premier sites on the Delmarva Peninsula for Forest Interior Dwelling Species (FIDS) habitat. The property will be managed by the Maryland Forest Service as an addition to Pocomoke River State Forest. Acquisition will protect water quality, contribute to large landscape protection of FIDS habitat, improve boundary line management, and expand public recreational opportunities.

POS Scoring System: 94 out of 100

Targeted Ecological Area: Yes

Grantor: Emily S. Larner Revocable Trust, Terry L. Saylor, Pamela L. Vance, and Barbara Larner

Grantee: The State of Maryland to the use of the Department of Natural Resources

Property: 300.33+/- acres, unimproved, POS No. 5804

Price: \$597,000

12A. RURAL LEGACY PROGRAM FUNDS
Caroline County

Recommendation: Approval to grant \$359,212.65 to the **Eastern Shore Land Conservancy, Inc.** from Rural Legacy Funds to acquire a 123.21-acre conservation easement.

*Agricultural Security Corridor –
 Eastern Shore Heartland Rural Legacy Area – Towers II Property*

Prior Approval: Rural Legacy Area Grant for easement acquisitions:
 DNR-RP Item 12A (10/21/2020) \$813,419 for FY 2021

Project Description: Acquisition of this conservation easement will protect 123.21 acres of productive agricultural and forested lands. Additionally, this easement acquisition will serve as a partial match for North American Wetlands Conservation Act (NAWCA) grant pursuant to a Grant Agreement between the U.S. Fish and Wildlife Services and Ducks Unlimited, Inc. (Chesapeake Rivers Conservation Phase II). This Rural Legacy easement, RL No. 6418, will be held by the Department of Natural Resources and the Eastern Shore Land Conservancy, Inc.

Easement Value: \$332,301.36 (\$2,697.03 per acre)

Purchase Price: \$332,301.36 (\$2,697.03 per acre)

1-GM. MARYLAND AVIATION ADMINISTRATION
General/Miscellaneous: Lease and Concession Contract

Contract ID: Lease and Concession Contract; *MAA-LC-22-039*

Contract Description: Lease of Land and Self Fueling Rights at Martin State Airport

Contractor: AirMed International, LLC
Houston, TX

Contract Term: 05/01/2022*- 09/30/2030 (**or earlier upon BPW approval*)

Contract Amount: \$2,336.60 per year based on 4,058 square feet of land leased at a Fair Market Value Rental Rate of \$0.576 per square foot per annum, to be adjusted annually by the greater of 3% or Consumer Price Index.

Fuel Flowage Fee of \$0.50 per gallon

Requesting Agency Remarks: The Maryland Department of Transportation Maryland Aviation Administration (MDOT MAA) leased certain land and fueling rights to IBW Air Services, LLC/Grandview Aviation, LLC (IBW/Grandview) at Martin State Airport (MTN). Under the lease, IBW/Grandview was authorized to use land at MTN to maintain and operate a secondary containment area for parking fuel trucks and to fuel their own aircraft using fuel from MDOT MAA's fixed-base operator fueling facility. Recently IBW/Grandview transacted an assignment of their lease and self-fueling rights to AirMed International, LLC. MDOT MAA approved the assignment and is bringing forward the new contract with AirMed International, Inc.

This type of revenue-producing contract at a transportation facility is outside the scope of the State Procurement Law (State Finance and Procurement Article §11-202(3); COMAR 21.01.03.03.B(1)(d). However, the contract and any modifications must be approved by the Board of Public Works because the contract constitutes a use of State Property under State Finance and Procurement Article, §10-305.

2-C. **MARYLAND TRANSIT ADMINISTRATION**
Construction Contract

Contract ID: Repair or Replacement of Seven Grade Crossings on the Centreville and Chestertown Freight Lines; T-1926-0150
 ADPICS No.: T19260150

Contract Description: This contract provides for the construction of repairs to and replacement of six (6) highway-railroad at-grade crossings on the Maryland Department of Transportation Maryland Transit Administration's (MDOT MTA) Centreville Freight Line, and one (1) crossing on the Chestertown Freight Line.

Award: Amtrac Railroad Contractors of Maryland, Inc. (*Certified MBE*)
 Hagerstown, MD

Contract Term: 180 Calendar Days from NTP

Amount: \$698,993 NTE

Procurement Method: Competitive Sealed Bidding

Bids:	Amtrac Railroad Contractors of Maryland, Inc. Hagerstown, MD	\$ 698,993
	Bullock Construction Services, Inc. Easton, MD	\$ 835,205
	Railworks Track Services, Inc. Sewell, NJ	\$1,047,575
	Rhinehart Railroad Construction, Inc. Fallston, MD	\$1,426,511

MBE Participation: 49.445%

Performance Security: Performance & Payment Bonds at 100% of the Contract Amount

Requesting Agency Remarks: This solicitation was advertised via eMaryland Marketplace Advantage on October 13, 2021, notifying 73 vendors. The bid opening was conducted on December 20, 2021, and four (4) bids were received. Amtrac Railroad Contractors of Maryland, Inc. (Amtrac) was the lowest bidder and confirmed they could perform the full scope of work for the price submitted.

REVISED

2-C. MARYLAND TRANSIT ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

This contract provides for the repairs and replacement of seven (7) at-grade crossings for MDOT MTA's Freight Lines, Centerville Freight Line (Queen Anne's County), and Chestertown Freight Line (Kent County) on the Eastern Shore.

The work under this contract will include:

- excavation, removal, and disposal of crossing panels, ties, spikes, and ballast;
- surface milling and overlay of asphalt;
- reconstruction of at-grade crossings;
- repair and replacement of concrete center panels; and
- installation of new ties and ballast and new pavement markings.

Although a 19.9% MBE goal was established for this contract, Amtrac has committed to exceeding the goal by **29.545% (49.445%)**.

3-GM. MARYLAND TRANSIT ADMINISTRATION
General/Miscellaneous Contract

Contract ID: Master Contract for Repairs, Maintenance, and Minor Construction for Metro;
MTR-21-030-AN
ADPICS No.: MTR21030AN

Contract Description: This is a task-order based contract for miscellaneous repairs, maintenance, and minor construction for the Maryland Department of Transportation Maryland Transit Administration's (MDOT MTA) Metro SubwayLink system within Baltimore City and Baltimore County.

Awards: Brawner Builders, Inc.
Hunt Valley, MD

Hawkeye Construction, LLC
Cockeysville, MD

Mona Electric Group, Inc.
Clinton, MD

Nichols Contracting, Inc.
Columbia, MD

Contract Term: 04/07/2022*- 03/31/2025 (*or earlier upon BPW approval)

Amount: \$9,000,000 Aggregate Total NTE

Procurement Method: Master Contracting

Bids: Pricing for Representative Initial Task

Nichols Contracting, Inc. Columbia, MD	\$ 90,375
Hawkeye Construction, LLC Cockeysville, MD	\$ 98,982
Brawner Builders, Inc. Hunt Valley, MD	\$122,960
Mona Electric Group, Inc. Clinton, MD	\$227,664

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
March 23, 2022

3-GM. MARYLAND TRANSIT ADMINISTRATION (cont'd)

DBE Participation: 30%

Performance Security: Payment and Performance Bonds equaling 100% for each Task Order greater than \$100,000

Incumbents: ADP Consultants, Inc., Potomac, MD
Mona Electric Group, Inc., Clinton, MD
Nichols Contracting, Inc., Columbia, MD

Requesting Agency Remarks: A competitive solicitation was advertised on eMaryland Marketplace Advantage (eMMA) on November 19, 2021, notifying 436 vendors. MDOT MTA received six (6) responses on January 11, 2022. Technical responses were reviewed on a pass/fail basis by an evaluation committee. Four (4) vendors were given passing grades, and two (2) vendors were deemed not responsible. In accordance with COMAR 21.06.02.03, two (2) vendors were rejected due to not having met the minimum requirements. No protests were filed. For the Representative Initial Task, four bids were opened on February 3, 2022.

The solicitation allowed for a maximum of seven (7) awards with each awardee receiving the opportunity to bid on future task orders. Task orders are awarded to the lowest bidder after a secondary level of competition is completed among the awarded vendors. The work to be performed under this contract includes general construction disciplines such as electrical repairs and upgrades; concrete repairs; HVAC; track work; access control; signage, stair and floor repairs; window repairs and replacement; and other services related to the preservation of MDOT MTA's Metro SubwayLink system.

The Representative Initial Task, Owings Mills Metro Station Enhancements, provides for minor improvements and repairs to the station entrance and operator's break room at the Owings Mills Station. Nichols Contracting, Inc. (NCI) was awarded the Representative Initial Task by submitting the lowest pricing with a value of \$90,375.

The DBE goal established for the overall contract is 30%, and each contractor has committed to this goal. For the Representative Initial Task, NCI has committed to exceeding the goal by 2% (32%).

4-RP. MARYLAND TRANSIT ADMINISTRATION
Real Property – Surplus

Recommendation: That the Maryland Board of Public Works approve the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) deeming real property as surplus as it is excess to the agency’s needs.

Authority: State Finance and Procurement Article, §10-305 (b)(2)
Annotated Code of Maryland

Property: MC #20-5100
Freight Lines 147 and 148 (34.5 miles +/-), identified as
Segment 1: 1.73 miles +/- of inactive rail (MP 33.12 to MP 34.85)
Segment 2: 32.82 miles +/- of active rail (MP 33.12 to MP 0.3)
Townsend, DE (Milepost 0.3) to Centreville, MD (Milepost 34.85)

Grantor: State of Maryland, MDOT MTA

Grantee: N/A

Consideration: N/A

Appraised Value: \$4,545,000 – Gary Anglemeyer, (Selected)
[Segment 1: \$725,000; Segment 2: \$3,820,000]
\$3,809,200 – Georgia Nichols, (Approved)
\$2,828,360 – Melody Campbell, (No Action)
Cassey Fitzpatrick, Review Appraiser

Special Conditions: N/A

Legislative Notice: N/A

State Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20201208-1057. It is recommended to declare the +/- 33.7 miles of freight rail right-of-way (ROW), extending from Townsend, DE (New Castle County) through Kent County, MD to Centreville, MD (Queen Anne's County) surplus to the needs of the State contingent upon consideration of Queen Anne’s County and the Town of Centreville’s comments regarding their interest in acquiring the properties. Queen Anne’s County and the Town of Centreville provided review comments expressing an interest in acquiring the properties.

Special Conditions: N/A

Legislative Notice: N/A

State Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20201208-1060. It is recommended to declare the +/- 20.29 miles of active and inactive freight rail right-of- way, extending from Massey to Chestertown in Kent County, to the Maryland Delaware Railroad Line, contingent upon consideration of the Maryland Department of the Environment’s qualifying comments. Kent County provided the following original comment indicating their and Chestertown’s interest in the property: “Kent County, Maryland and [the] Town of Chestertown have met with and are planning to have further discussion regarding this matter with MDOT.” However, after meeting with the applicant, Kent County submitted the following revised comment, “[T]he purchaser intends to continue to operate and expand the line for freight. At this point, Kent County can confirm a revised code of C1. The intent meets County policy, and the County would not be interested in acquisition of the property.”

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
March 23, 2022

13-M. STATE HIGHWAY ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

There was a protest filed by the second bidder, Covington Machine & Welding, Inc., based on the apparent low bidder's lack of technical qualifications and experience necessary to qualify as a responsible bidder with respect to moveable bridges.

The original apparent low bidder's bid was rejected because an analysis of their Experience and Equipment Statement revealed that it did not sufficiently demonstrate the required moveable bridge experience and qualifications that were specified in the Invitation for Bids for this specific solicitation. No protest was filed.

The Maryland Department of Transportation State Highway Administration has confirmed Covington Machine & Welding, Inc.'s bid price.

	Team Cam, LLC Linthicum Heights, MD	\$4,715,844

Living Wage Eligible: No

MBE Participation: 100%

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
March 23, 2022

14-M. STATE HIGHWAY ADMINISTRATION (cont'd)

Performance Security: Annual-Renewable Payment and Performance Bonds for 100% of the award amount exists for this contract.

Incumbent: Concrete General, Inc.
Gaithersburg, MD

Requesting Agency Remarks: This contract was advertised on eMaryland Marketplace Advantage on September 14, 2021, notifying 196 potential contractors, 32 of which were MDOT-certified Minority Business Enterprises (MBE's). Bids were opened on October 28, 2021.

A protest was filed by PDI-Sheets Construction stating that the subcontractor submitted by the E&R Services, Inc. (E&R) would be unable to perform the scope of work to satisfy the MBE goal. After verifying E&R's MBE Form D, SHA determined that E&R has demonstrated that it has a reasonable plan to meet its contractual obligation to subcontract 6% of the total contract value to meet the overall 12% MBE goal. The protest was denied, and no appeal was filed.

The Maryland Department of Transportation State Highway Administration has confirmed E & R Services Inc.'s bid price. The MBE goal for this contract is 12%; however, the work conducted on this contract is performed 100% by a Certified Minority Business Enterprise; therefore, the MBE participation is 100%. E&R Services is a State-certified Small Business.

15-RP. STATE HIGHWAY ADMINISTRATION
Real Property – Disposition

Recommendation: That the Board of Public Works approve the Maryland Department of Transportation State Highway Administration (MDOT SHA) disposing of real property as it is excess to the agency’s needs.

Authority: Transportation Article, § 8-309(f)(1)(ii)
Annotated Code of Maryland

Property: MC# 06-2114
R. Landis Coffman, parcels 1-3, (0.81 acres ±) located on the north side of Halfway Blvd, 0.75 miles east of the I-81 interchange, 2 miles south of Hagerstown, Washington County

Grantor: State of Maryland, MDOT SHA

Grantee: A, C & T Co, Inc.

Consideration: \$67,000

Appraised Value: \$77,650 - Bruce Dumler (Approved)
Ronald Hidey, SHA Review Appraiser

Special Conditions: N/A

Legislative Notice: N/A

State Clearinghouse: N/A

Requesting Agency Remarks: In 1965, MDOT SHA acquired the subject property in conjunction with the construction of an interchange with Interstate 81. MDOT SHA proposes to dispose of the property to an adjoining owner through a sealed bid sale of \$67,000, 86% of the appraised value.

17-GM. THE SECRETARY'S OFFICE
General/Miscellaneous: Washington Metropolitan Area Transit Authority

Recommendation: That the Board of Public Works approve the use of general obligation bond proceeds to pay a portion of Maryland's share of funding for the Washington Metropolitan Area Transit Authority.

Recipient: Washington Metropolitan Area Transit Authority

Project: Washington Metropolitan Area Transit Authority's FY 2022-2027 Capital Improvement Program

Authority: State Finance and Procurement Article, Annotated Code of Maryland §8-301
Transportation Article, Annotated Code of Maryland, §10-204

Amount: \$125,000,000

Fund Source: MCCBL 2021 *Washington Metropolitan Transit Authority Upgrades. Provide funds to construct improvements and capital maintenance to bus and rail systems in the Washington, D.C. area.*

Description: In 1967, the Washington Metropolitan Area Transit Authority (WMATA) was established through a tri-state compact between the State of Maryland, the Commonwealth of Virginia, and the District of Columbia to plan, develop, finance, operate, and maintain a rail and bus transit system for the Washington metropolitan area. The WMATA is funded by operating revenues and grants from Maryland, Virginia, D.C., and the federal government. Each year the WMATA Board approves an annual budget and a six-year capital program. The amount of Maryland's required share of funding is established through the WMATA compact, various funding agreements, WMATA's annual approved operating and capital budgets, and Maryland law. The Maryland Department of Transportation administers Maryland's funding agreements with WMATA, and Maryland's share of funding for WMATA comes from the Transportation Trust Fund.

In 2018, the Maryland Metro/Transit Funding Act (Chapters 351 and 352) passed and provides an additional dedicated capital funding grant of \$167 million per year for WMATA. Since the passage of that bill, the State's General Fund has participated in the annual funding requirements to WMATA to offset the impact on the Transportation Trust Fund of this additional funding requirement. Maryland's FY 2022 budget included the use of general obligation bond proceeds, instead of General Funds, to pay a portion of Maryland's funding requirement to WMATA. Maryland's share of FY 2022 funding for WMATA totals \$779.5 million, including \$654.5 million from the Transportation Trust Fund and \$125 million from this authorization of general obligation proceeds allocated in the MCCBL 2021.

Capital Bond Grant \$ 738,712 MCCBL 2021 (CB-09812-01)

Background on the Grantee: Way Station, Inc. provides stepdown services to individuals with psychiatric disorders in transition from State Hospitals. 32 individuals are currently being served in cottages #3 and #4 at the Springfield Hospital Center.

Agency Remarks: The Department of General Services (DGS) submitted a project funding request for replacement of the Chiller and associated pumps at Cottages #3 and #4 at Springfield Hospital Center in May 2020 for funding consideration in the FY22 Facility Renewal Fund. The request was based on the Project Justification submitted in FY21 by the Maryland Department of Health (MDH) with their annual Preventative Maintenance (PMO) and Project Justification (PJ) submission package. The work associated with the PJ was estimated at \$1,000,000 and that was the amount requested to be funded with the FY22 Facility Renewal Fund. The FY22 Facility Renewal Fund requests were approved and the funding was made available as of July 1, 2021. DGS began gathering information related to this project from MDH during the summer of 2021 and realized that Way Station, Inc. was in the process of designing the replacement of the air handling units and associated distribution equipment at Cottage's #3 and #4. To create efficiencies with procurement, design, and project management, DGS determined that combining the Facility Renewal Funded project for replacement of the chiller and associated pumps with the project Way Station, Inc. was working on would provide a complete HVAC system replacement that was done with a holistic approach. DGS has worked with Way Station, Inc. during the design process for the complete HVAC system replacement, has reviewed and provided comment on the design as it has progressed, has ensured that the design meets or exceeds the standards that DGS uses for all HVAC projects, and has approved the bid documents that were used to solicit vendor pricing for this project.

Additional Remarks:

1. Grantee is a nonprofit organization.
2. DGS Facility Renewal Funds will be disbursed when the Grantee has presented suitable evidence to the Design, Construction & Energy division that it has expended funds associated with the work of this project.
3. No Capital Bond funds will be disbursed until the Grantee has presented suitable evidence to the MDH Office of Facilities Management and Development that it has expended the Capital Bond required matching funds.

12-CGL. CAPITAL GRANTS AND LOANS
Department of Health

Recommendation: That the Board of Public Works approve a grant of \$506,855.00 to *Serenity Sistas, Inc. (Anne Arundel County)*.

Project: The acquisition of a real property located at 106 Old Solomons Island Rd. Annapolis, MD 21401. Serenity Sistas, Inc., provides recovery housing for adults with substance use disorders and recovery community centers. This project will allow for a creation of a new Recovery Community Center which is anticipated to serve approximately 750 individuals and their families per year.

Appraisals:	Contract of Sale	\$750,000
	George L. Peabody	\$750,000
	Thomas A. Weigand	\$750,000
	DGS accepted appraisal	\$750,000
	Eligible Cost	\$756,500*

*Includes the lesser of the DGS accepted fair market value or the contract price at \$750,000, and the cost of the appraisals at \$6,500.00

Fund Source: **Community Health Facilities Grant Program, CB-31801-01:** The Maryland Department of Health has determined the grantee is responsible for providing 33% of the eligible project cost.

Total Project Cost	\$756,500
Eligible Project Cost	\$756,500
State Share (67%)	\$506,855 CHFGP FY22 CB-31801-01
Grantee Share (33%)	\$249,645 Loans

Remarks:

1. Grantee is a nonprofit organization and provides recovery housing for adults with substance use disorders and recovery community centers. This project will allow for a creation of a new Recovery Community Center which is anticipated to serve 750 individuals and their families per year.
2. In accordance with § 24-606(d) of the Health-General Article of the Annotated Code of Maryland, the Board's approval is further contingent upon the State's right of recovery being recorded among the Land Records of Anne Arundel County.
3. No State funds will be disbursed until the grantee has presented suitable evidence to the Office of Facilities Management and Development that it has expended the required matching funds.

Contract ID: Management of Design and Construction for Baltimore Therapeutic Treatment Center; *KT-000-200-001*
ADPICS No.: 001B2600418

Contract Description: Design and construction management services for Baltimore Therapeutic Treatment Center (BTTC) in Baltimore City. Includes management of planning and design through construction document creation, construction phase services, and post construction. Also, warranty inspection for a new approximately 325,000 square foot building and the renovation of the Jail Industries Building.

Procurement Method: Qualification Based Selection (*Single Proposal Received*)

Award: CGL Companies, LLC; Baltimore, MD

Amount: \$15,999,999.59

Term: 04/07/2022* - 04/06/2032 (**Or earlier upon BPW approval*)

MBE/VSBE Participation: 30% / 2%

Performance Bond: N/A

Requesting Agency Remarks: This solicitation was advertised on eMaryland Marketplace Advantage (eMMA) on October 4, 2021. Approximately 369 vendors were notified electronically and an additional 25 local and national firms who were perceived to have the qualifications and experience for the scope of work were directly solicited. A pre-proposal meeting was held on October 13, 2021, and over 40 people from various local and national firms attended. A single technical proposal was received on November 10, 2021. CGL Companies, LLC (CGL) technical proposal was evaluated as responsive and was determined to be reasonably susceptible of being selected for award.

On February 17, 2022, the Negotiation Committee certified negotiations were conducted in accordance with regulations and policy, the price proposal was based upon the scope of services outlined in the project program and DGS procedures for providing architectural and engineering services, and that the negotiated price proposal was fair, competitive, and reasonable based upon historical Statewide architectural and engineering rates.

ACTION AGENDA
March 23, 2022

REVISED

14-AE. ARCHITECTURAL AND ENGINEERING (cont'd)

Agency Remarks (cont'd):

The Baltimore Therapeutic Treatment Center (BTTC) project is a combination Infirmarium/Psychiatric/Maximum-Security Center. It is a highly specialized field and there are less than a handful of A/E firms nationally that are qualified to design such a building. The scope of work is not only project management covering the design, but also the construction, inspection, and planning of the operation of the building. The comprehensive scope of services required for this contract limits the number of firms that have the experience or the talent to complete this project. CGL Companies, LLC is an international firm based in Atlanta, GA with offices in downtown Baltimore that specializes in providing the management of the design, construction and operation of facilities such as BTTC throughout the world for the last 45 years.

The project was initiated by DPSCS in response to the settlement of the Duval lawsuit. This project provides the services that are not only mandated by the Duval settlement but also are vital for providing the physical and mental health services currently needed in Baltimore, making the completion of the project a time sensitive issue.

Approval is requested for the entire contract [...] at this time, however, due to the limited funding currently available, the initial encumbrance will be in the amount of \$2,122,611. The contract is structured to not permit expenditures beyond currently authorized amounts. DGS will return to the Board of Public Works for approval of the remainder of the [...] project funding when [...] authorized.

DEPARTMENT OF GENERAL SERVICES
 OFFICE OF STATE PROCUREMENT
 ACTION AGENDA
 March 23, 2022

16-C-MOD. CONSTRUCTION CONTRACT MODIFICATION (cont'd)

Requesting Agency Remarks: The cost to repair the water leak at this single location is almost the same as the original cost for multiple locations due to the pipe being extremely deteriorated and the length of pipe that needs to be replaced. It is also located in a difficult area to access, 32 feet of 8 inch thick reinforced concrete needs to be excavated to reach it. Tree removals are also necessary and additional underground utilities need to be located. The work also needs to be completed quickly because it is in a sensitive area.

The original scope of work was for the repair of eight water leaks typically in grass areas at various exterior locations within the facility's secure perimeter. It is believed that new leaks formed due to the pressure increasing within the pipe after each repair was completed and this caused the next weakest area within the deteriorated pipe to rupture. Industry standard in this situation is to replace the entire length of pipe. The replacement of this section in its entirety will help ensure new leaks will not form again at this hard to access location in the future.

Requesting Agency Remarks: Exercising this renewal option is in the best interest of the State. MLGCA has been very satisfied overall with the contractors' performance. The contract contains prices that were established by a competitive procurement to provide the required services and provides the MLGCA with the ability to adjust payments based on budget fluctuations.

Contractors assist the MLGCA in the development and execution of an integrated marketing program necessary to accomplish its mission to provide revenue through the sale of entertaining products that support programs and services benefiting the citizens of Maryland. Objectives include reinforcing the credibility, integrity, and transparency of the MLGCA; positioning MLGCA products as a fun entertainment option by maintaining strong competitive position with other providers of entertainment; informing consumers of the MLGCA's responsible gaming program and the resources available for problem gambling; expanding participation among current players and attracting new players; and, assisting MLGCA to maximize net profits from its products for the benefit of the State.

The Contract for each FA establishes a fixed monthly fee that is paid to the Contractor. The Award Amount (Attachment 1) is composed of two components:

- Contractor's Fee: the fixed monthly fee, based on the Financial Offers, that is paid to the Contractors for the services provided in each FA.
- MLGCA's Budget: the portion of the MLGCA's marketing budget for each FA (this amount would be the same regardless of the Contractor selected). The Contractor places and pays for various productions, media buys, and other projects with third parties. The costs are pre-approved by the MLGCA and reimbursed at Contractor's actual cost with no markup allowed.
- Total Award Amount = Contractor's Fees + MLGCA's Budget

**22-S-OPT. SERVICES CONTRACT OPTION
*Office of the Secretary of State***

Contract ID: Maryland Charity Campaign; *DEXR7400001*
ADPICS No.: DEXB0600008

Contract Approved: DBM 1-S, 03/22/2017

Award: America’s Charities; Chantilly, VA

Contract Description: Provide technical assistance for the Maryland Charity Campaign (MCC) for State employees and retirees. The MCC is an annual workplace giving campaign that allows Maryland State employees and retirees the opportunity to easily support 900 participating charitable organizations through payroll deduction and online giving mechanisms.

Option Description: Exercise the final renewal option.

Original Contract Term: 04/06/2017 - 04/30/2020

Option Term: 05/01/2022 - 04/30/2024

Original Contract Amount: \$1,213,020

Option Amount: \$ 907,220

Prior Mods/Options: \$ 866,120 (Renewal Option #1: 05/01/2020 - 04/30/2022;
DGS 16-S-OPT, 01/08/2020)

ACTION AGENDA
March 23, 2022**

22-S-OPT. SERVICES CONTRACT OPTION (cont'd)

Requesting Agency Remarks: The Office of the Secretary of State discovered many, previously unknown, levels of complexity involved with administering the Maryland Charity Campaign (MCC). The contractor has demonstrated competency in performing the scope of work during the last six campaigns and has worked with the Office of the Secretary of State to hone the requirements of the campaign, including branding the MCC to the State.

The Secretary of State is authorized to conduct the MCC and select an operating agency pursuant to Executive Order 01.01.1996.07. The MCC is an annual workplace giving campaign that allows Maryland State employees and retirees the opportunity to easily support hundreds of participating charitable organizations through payroll deduction. Employees eligible to participate include Regular, Contractual, and University employees. New retirees and retirees who participated in the previous three campaigns also receive campaign marketing materials and are eligible to participate. There are approximately 108,000 employees and approximately 1,300 retirees who are eligible to participate each year.

The contractor has made a good faith effort to utilize its MBE subcontractors as identified in the contract; however, over the past two years, due to the pandemic, the Maryland Charity Campaign kickoffs were held virtually rather than in-person. The largest portion of the MBE participation goal is for catering services for the box lunches at the in-person kick-off meetings. During this final renewal option period, the contractor will continue to work with its MBE subcontractors or seek other MBE opportunities to meet the participation goal through the end of the contract.

23-S-OPT/MOD. SERVICES OPTION/MODIFICATION (cont'd)

Original Procurement Method: Intergovernmental Cooperative Purchasing Agreement (ICPA)

MBE/VSBE Participation: N/A / N/A

MBE/VSBE Compliance: N/A / N/A

Requesting Agency Remarks: The contract provides support services for the Bureau of Revenue Estimates (BRE) Business Intelligence/Data Warehouse Division in maintenance, reporting, and annual tax year change configuration. Because of Mathtech's tenure and resulting knowledge of technology, data, processes and staff; BRE should retain Mathtech's support to ensure continuity of service. Mathtech is instrumental in participating, planning new initiatives, supporting efforts to improve Data Warehouse usability for the business user, assisting in developing requirements and business rules for new revenue generating, cost reduction programs, supporting business user testing, data validation, and reviewing documents and deliverables as requested.

The modification will maintain Support Services for the COMPASS Project that were originally planned to expire in June 2022. Mathtech has performed well, and COMPASS staff would like to maintain this knowledgeable resource and utilize the support as needed.

It is in the State's interest to execute the option year of this contract rather than advertise a new procurement since the BRE is only in the mid-point of a four-year contract.

As a result of examining comparative pricing research which included, U.S. General Services Administration (GSA) labor rates by comparative job categories pricing comparative labor categories, it has been determined that the pricing for this project is fair and reasonable.

24-S-OPT/MOD. SERVICES OPTION/MODIFICATION
Department of Human Services, Social Services Administration

Contract ID: Residential Child Care Services; *See Attachment 1*
ADPICS Nos.: *See Attachment 1*

Contract Approved: DGS 31-S, 04/07/2021

Contract Description: Residential Child Care (RCC) services through separate contracts for approximately 578 clients currently placed at various locations throughout the State.

Modification Description: Increase funding to the base contract effective May 1, 2022, due to an increase in the Interagency Rates Committee (IRC) rates established for residential childcare providers.

Option Description: Exercise the sole renewal option.

Awards: *See Attachment 1*

Original Contract Term: 07/01/2020 - 06/30/2022 (w/one 1-year renewal option)

24-S-OPT/MOD. SERVICES OPTION/MODIFICATION (cont'd)

Living Wage Eligible: Yes

MBE/VSBE Participation: 5% / N/A

MBE/VSBE Compliance: *See Attachment 1*

Performance Security: N/A

Hiring Agreement Eligible: Yes

Requesting Agency Remarks: The Department utilizes Residential Child Care Services (RCC) Programs for those children whose needs cannot be met in a family based foster care setting. The RCC services in Maryland are provided through five Program categories: Developmentally disabled Programs; Diagnostic Evaluation and Treatment Programs, Group Homes, High Intensity Group Home, and Medically Fragile.

The facilities are located throughout the State and serve foster care children under the care of the Department. It is in the best interest of the children and the State not to disrupt the current placement or change the existing provider for these youth.

The services of each contractor will be used at the sole discretion of DHS. DHS makes no guarantee as to the number of children/youths to be placed with any contractor. These are purchase of care contracts paid on a fee for service basis for the actual children/youth placed in a contractor's care, and then only for the actual number of days each child is with the contractor.

The proposed price for these contracts is fair and reasonable because the prices are set by Maryland State Department of Education (MSDE), Interagency Rates Committee (IRC), using the same established methodology in price setting for all In-State providers.

Residential Child Care programs are defined in COMAR 14.31.02.03B(13) as "a program of care provided in a residential setting by a provider on a 24-hour basis for longer than 24 hours to a child or children unless otherwise provided by State law." COMAR 14.31.06.01 articulates the standards that must be met and maintained by Residential Child Care programs for children and youth. These requirements are designed to protect the health, safety, and well-being of children placed in Residential Child Care programs. According to the State Finance and Procurement Article §13-107 and COMAR 21.05.05.02A (Sole Source Contracts); in order to provide continuity of human or social services care to current clients, the procurement officer shall, before the contract with the current provider expires, attempt to negotiate a sole source contract with the current provider.

DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
March 23, 2022

REVISED

2nd Revision

24-S-OPT/MOD. SERVICES OPTION/MODIFICATION (cont'd)

Agency Remarks (cont'd):

Based on an assessment by a licensed or certified health practitioner, the head of a funding unit determines that a change in the human or social services provider would have a detrimental impact on those clients currently being served by the provider. The licensed or certified health practitioner shall be a psychologist, social worker, physician, nurse, or qualified developmental disabilities professional, as defined in COMAR 10.22.02.11A.

Of these 31 RCC Service providers, the following three providers are not included in this specific modification for the following reasons:

1. The Children's Guild (SSA/RCCSS-21-015) final option is not being renewed due to its program closure effective December 15, 2021.
2. Cedar Ridge Children's Home and School, Inc.'s, (SSA/RCCSS-21-012-A1) modification was approved on the December 1, 2021 agenda, DGS Item 37-S-OPT/MOD. The modification added funding for an additional five Therapeutic Group Home beds, four new Group Home Small beds, exercised the final one-year option renewal, and added funds due to FY 22 Interagency Rates Committee (IRC) rate adjustments.
3. Center for Social Change, Inc. (SSA/RCCSS-21-030-A1) modification was approved on the January 26, 2022 agenda, DGS 29-S-MOD/OPT. The modification added five Medically Fragile beds with associated funding and exercised the final one-year option renewal and added funds due to FY 22 IRC rate adjustments.

There is a 5% MBE requirement for any RCC contracted provider with 25 or more contracted beds. Of the 31 contracted providers, six have a 5% MBE compliance. Each provider's MBE compliance attainment is indicated in Attachment 1 as of November 2021.

The proposed price for this contract is fair and reasonable because the price is set by IRC, using the same established methodology in price setting for all In-State providers.

SUBJECT: Record Correction – March 23, 2022 Board of Public Works Action Agenda

Dear Mr. Gontrum:

This is to advise you of the following changes to the Board of Public Works Action Agenda Item previously approved by the Board of Public Works.

BPW – March 23, 2022 24-S-OPT/MOD, Sub-Item 25

Increase funding to the base contract effective May 1, 2022, due to an increase in the Interagency Rates Committee (IRC) rates established for residential childcare providers. Page OSP 43

MBE/VSBE Compliance:	N/A / N/A
Performance Security:	N/A
Hiring Agreement Eligible:	Yes

Requesting Agency Remarks: Residential Child Care Services (RCC) services will be delivered through three distinct programs, Diagnostic and Evaluation Treatment Program (DETP); HIGH-Sex Trafficking Program; and Emotional and Cognitive Developmentally Disabled (ECDD) Program. These three programs provide services to children in foster care that have been found to have a high level of behavioral, education and medical needs and been found to be sexually abused as a result of involvement with sex trafficking. The population served will be male and female and transgendered children, ages 14 - 20 Statewide.

RCC programs are defined in COMAR 14.31.02.03B(13) as “a program of care provided in a residential setting by a provider on a 24-hour basis for longer than 24 hours to a child or children unless otherwise provided by State law.” The providers have rates that have been approved by the IRC. This is a not-to-exceed per diem contract where the provider is paid solely per child, per day. As such, DHS will not be charged for any unused capacity. The Governor’s Office for Children (GOC) is the single point of entry for private providers interested in supplying care under approved negotiated rates for youth of the various State agencies. No MBE participation goals were established for these contracts, as it has been determined that the RCC providers are not able to subcontract the core services delivered to the children they serve (psychiatric services/evaluations, case management, therapy, recreational therapeutic programs, educational services etc.), and subcontracting non-core services for RCC contracts has historically been impracticable.

Hiring Agreement Eligible: Yes

Requesting Agency Remarks: The Maryland State Department of Health, Developmental Disabilities Administration (DDA) is the sole agency of the State responsible for setting rates for the DDA program services contracts to ensure that equal rates are paid for equal services regardless of the location of the facility.

Residential Child Care program is defined in COMAR 14.31.02.03B(13) as “a program of care provided in a residential setting by a provider on a 24-hour basis for longer than 24 hours to a child or children unless otherwise provided by State law.” COMAR 14.31.06.01 articulates the standards that must be met and maintained by Residential Child Care programs for children and youth. These requirements are designed to protect the health, safety, and well-being of children placed in Residential Child Care programs.

According to the State Finance and Procurement Article Section 13-107 and COMAR 21.05.05.02A (Sole Source Contracts), in order to provide continuity of human or social services care to current clients, the procurement officer shall, before the contract with the current provider expires, attempt to negotiate a sole source contract with the current provider. Based on an assessment by a licensed or certified health practitioner, the head of a funding unit determines that a change in the human or social services provider would have a detrimental impact on those clients currently being served by the provider. The licensed or certified health practitioner shall be a psychologist, social worker, physician, nurse, or qualified developmental disabilities professional, as defined in COMAR 10.22.02.11A.

The proposed price for these contracts is fair and reasonable because the prices are set by Maryland State Department of Education (MSDE), Interagency Rates Committee (IRC), using the same established methodology in price setting for all In-State providers.

Requesting Agency Remarks: Community Services for Autistic Adults and Children, Inc. (CSAAC) was founded over 40 years ago and provides services to individuals and families in the Autism Spectrum Disorder from infancy to the end of life. CSAAC has operated children's residential and education programs for 30 years with a tenured staff. They are currently serving children and youth ages 7-21 years, who reside in custom-built, energy-efficient homes with age-appropriate peers within Montgomery County.

Residential Child Care programs are defined in COMAR 14.31.02.03B(13) as "a program of care provided in a residential setting by a provider on a 24-hour basis for longer than 24 hours to a child or children unless otherwise provided by State law." MBE/VSBE Compliance: N/A / N/A

Performance Security: N/A

Requesting Agency Remarks: The Department utilizes Residential Child Care (RCC) Programs for children whose needs cannot be met in a family based foster care setting. The RCC services in Maryland are provided through five Program categories, Developmentally Disabled Programs, Diagnostic Evaluation and Treatment Programs, Group Homes, High Intensity Group Home, and Medically Fragile. The facilities are located in Baltimore City and serve foster care children under the care of the Department. It is in the best interest of the children and the State not to disrupt the current placement or change the existing provider for these youth.

The services of the Contractor will be used at the sole discretion of DHS. DHS makes no guarantee as to the number of children/youths to be placed with any Contractor. This is a Purchase of Care contract paid on a fee for service basis for the actual children/youth placed in the Contractor's care, and then only for the actual number of days each child is with the Contractor. This is a not-to exceed per diem contract where the provider is paid solely per child, per day. DHS will not be charged for any unused capacity.

The proposed price for this contract is fair and reasonable because the prices are set by Maryland State Department of Education (MSDE), Interagency Rates Committee (IRC), using the same established methodology in price setting for all In-State providers.

Residential Child Care programs are defined in COMAR 14.31.02.03B(13) as "a program of care provided in a residential setting by a provider on a 24-hour basis for longer than 24 hours to a child or children unless otherwise provided by State law." 29-S-MOD. SERVICES [..] MODIFICATION (cont'd)

Requesting Agency Remarks: The youth is 16 years old and diagnosed with Posttraumatic Stress Disorder, Disruptive Mood Dysregulation Disorder, Attention Deficit Hyperactivity Disorder, unspecified type, Bipolar Disorder I, Schizophrenia, Sexual Abuse in Childhood, and Neglect in Childhood.

Due to the unique needs, it was determined by the Local Department of Social Services that SP Behavioral LLC, dba Sandy Pines Treatment Center was the most appropriate placement as they are a Residential Treatment Center that provides services to males ages 5 to 17 and females from 5-17 years old with behavioral, mental health, and emotional issues. It is in the best interest of the State to approve this modification as it will enable DHS to continue to deliver the support and services that this contract provides.

The Maryland State Department of Education (MSDE) is the State Agency responsible for setting rates for facilities that serve Maryland youth which are located outside of the State of Maryland. The Division of Special Education/Early Intervention Services (DSE/EIS), Nonpublic Special Education Section provides oversight for this work. Maryland rates are set to ensure equal rates are paid for equal services regardless of the placing agency, placing State, or location of the facility. All rates issued by Maryland must comply with all cost approval guidelines and instructions

30-S-MOD. SERVICES MODIFICATION (cont'd)

MBE/VSBE Participation: N/A / N/A

MBE/VSBE Compliance: N/A / N/A

Performance Security: N/A

Requesting Agency Remarks: The new solicitation is currently under final review and will be submitted to the Office of State Procurement for review and approval before publishing.

Six contracted vendors currently provide specialized psychotherapeutic services to sexual offenders throughout the State of Maryland. The five other contracts are also being extended but have remaining funds sufficient for the extension period due to less usage than anticipated. This contract has insufficient funds for an extension due to an increased number of referrals to this provider. Actual usage has exceeded original estimates because other sexual abuse treatment program closings and court closings during the pandemic caused a spike in referrals to this provider.

Specialized sexual offender treatment services were implemented in response to legislation mandating the use of sexual offender management teams known as Collaborative Offender Management Enforced Treatment (COMET) teams for the supervision of sexual offenders. See Md. Code Ann., Crim. Proc. § 11-725. Courts impose participation in specialized sexual offender treatment as a special condition of supervision in appropriate cases.

Specialized sexual offender assessment and treatment are essential elements of the containment approach to sexual offender management and enable parole and probation agents to develop and implement more appropriate supervision plans and strategies. If the services are discontinued, the Department would lose a vital tool in enhancing public safety by preventing future sexual offenses by parolees and probationers.

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage on April 17, 2020. Eleven proposals were received and opened on August 28, 2020, and five were deemed reasonably susceptible of being selected for award and six were deemed not reasonably susceptible for award,

Four vendors proposed a system that failed to meet specific required criteria in the RFP and two vendors failed to respond to requests for scheduling of site demonstrations as required in RFP.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
March 23, 2022**

32-IT. INFORMATION TECHNOLOGY (cont'd)

Agency Remarks (cont'd):

One prospective awardee submitted a protest on February 14, 2022. On February 24, 2022, the Procurement Officer issued a final decision denying the protest on the merits. The decision was not appealed.

The detection system provides security against drones and UAV systems that may approach and enter DPSCS facility properties.

911 Security's proposal included multiple features that provide unique benefit to the State or outperformed other proposals during site demonstrations. They include use of a wired network, which provides reliability over other systems, such as those that rely on cellular notifications. It also includes the non-reliance on a library to recognize drones, which enables broad detection capabilities and the ability to quickly recognize the pilot of a drone as soon as the remote is turned on. It offers the ability to "Geofence" certain areas, which minimizes or eliminates false alarms arising from the close proximity some facilities have with residential areas. Their system can provide the make/model/serial number and possible payload capacity of a drone. It has the demonstrated ability to detect more drones at one time than other offerors and prioritize threats as warnings or alerts. Additionally, it can identify common takeoff locations and repeat offenders. Their proposal offers a guaranteed one-hour technical support callback response; software updates at no additional cost; the ability to permit multiple users on the system without administrative access. Also training for multiple users and no use of subcontractors, which expedites the problem resolution process.

33-IT. INFORMATION TECHNOLOGY

Recommendation: That the Board of Public Works approve the following Task Orders/Purchase Orders under a previously approved Master Contract.

Authority: State Finance and Procurement Article
Annotated Code of Maryland, § 13-113; COMAR 21.05.13.06

Procurement Method: Task Order/Purchase Order under Master Contract

1.0	Master Contract:	Consulting and Technical Services Plus (CATS+) Contract No.: 060B2490023
	<i>Approved:</i>	DoIT 3-IT, 04/03/2013
	<i>Term:</i>	04/22/2013 - 04/21/2028
		<i>**As of publication, the remaining balance of this master contract is \$421,671,926.53.</i>

1.1 Using Agency: Comptroller of Maryland

Description: Obtain Information Technology (IT) management consulting services to provide daily hands-on project management for organizational transformation management to align with the Integrated Tax System. The Integrated Tax System (ITS) will assist the Comptroller of Maryland (COM) in modernizing its operations by delivering updated technology and improved business processes aligned with the new technology. The ITS is a multi-phased Commercial Off the Shelf (COTS) solution that is in development of the second of three releases. The COTS ITS will replace the Agency's State of Maryland Tax (SMART) system, Computer Assisted Collection System (CACs), certain web applications, and other outdated tax processing systems and integrate with a robust data warehouse to both continue and expand revenue generating projects and provide enhanced reporting functionality. The new ITS, along with organizational transformation management, will improve efficiencies in processes and reduce redundancies. Organizational transformation management will align COM staff with the new ITS, allowing the COM to efficiently administer all taxes, licenses, permits, and fees required by law. This includes the processing and collection of personal income tax and sales and use tax, the State's largest sources of revenue, and the administration of Abandoned Property. The IT management consulting services will prepare the Agency staff to adapt to the new ITS as quickly and efficiently as possible. This will be done through an FTA Award winning Change Ambassador program, middle management change readiness training, organizational analysis with recommended improvements based upon new ITS capabilities and efficiencies, and effective communications both internally and external to the Agency. Successful implementation will bring the COM a modernized system which makes use of current technologies and is supported by and adaptable to the mainstream IT workforce. Uniformity in processing across Tax Types will simplify compliance by taxpayers and allow for a more dynamic use of COM staff; *E00B2600029*

MBE/VSBE Participation: N/A / N/A

Resident Business: No

Fund Source: 100% Reimbursable (Using Agencies)

Agency Remarks: This item is retroactive to additional time required to validate the Juniper licenses. DoIT acquired additional Juniper vSRX licenses for DoIT LAN and Server Storage teams, Network Services along with NetworkMD. A reconciliation between purchased licenses and actual licenses installed and in use had to be completed to validate the number of licenses allocated to the various DoIT departments before the annual contract renewal could be renewed.

DGS OSP Remarks: RETROACTIVE approval requested pursuant to § 11-204(c) State Finance & Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.

4.0 *Master Contract: Public Branch Exchange (PBX) IV Telecommunications Equipment and Services*

Contract No. 001B0600162

Approved: DGS 26-IT, 07/22/2020

Term: 01/01/2021 - 12/31/2030

****As of publication, the remaining balance of this master contract is \$52,564,373.78.**

4.1 *Using Agency:* MDOT Motor Vehicle Administration (MVA)

Description: Migrate existing MVA telephone network consisting of 25 locations to a voice over internet protocol (VoIP) solution. Once completed the MVA's current telecom infrastructure will be replaced with the new VoIP infrastructure. In accordance with the PBX IV Master Contract, vendors cannot not sell at higher prices than the manufacturer suggested retail price or more than their proposed labor rate. The MSRP Grand Total is \$3,104,949.84 for Functional Area 1. NEC's price is \$1,305,089.10 which is well beneath the MSRP. Additionally, its labor rate is beneath the proposed labor rate under the Master Contract; J04B1600047.

34-M. MAINTENANCE CONTRACT (cont'd)

Requesting Agency Remarks: A notice of availability of an Invitation for Bids (IFB) was posted on eMaryland Marketplace Advantage on October 28, 2021, with a Small Business Reserve (SBR) designation. Approximately, 109 potential vendors received notification of this solicitation electronically. Five bids were received and opened on November 18, 2021 and two bids were rejected. One bidder was determined to be not responsible for failing to provide sufficient satisfactory references required in the IFB as a minimum qualification. A second bidder was determined to be not responsible for failing to meet the 3-year minimum experience requirement.

The Board of Public Works approved an award to the incumbent for these services totaling \$457,700 on January 26, 2022, as item 49-M; however, a withdrawal of the bid was received the same day citing staffing issues.

The Department of General Services is recommending award to the next lowest bidder, Tactical Security Services. Per the IFB (Section 1.17) "Bids submitted in response to this IFB are irrevocable for 120 days following the closing date of the Bids", hence all pricing will remain as received. Tactical 1 Security Services has been found responsible and its bid responsive.

35-M-OPT. MAINTENANCE OPTION (cont'd)

Requesting Agency Remarks: Labor is satisfied with the contractor's performance, and it is important to exercise the renewal option to continue the security services and launch its kiosk system in the various locations in response to the COVID-19 Pandemic.

The continuous need for a safe and secure environment for the Department of Labor employees, visitors, and customers are of paramount importance and cannot be overemphasized. Each location will require one uniformed unarmed security guard, for a period of six months, Monday through Friday except for Federal/State Holidays, and dates of the emergency closure of State Offices.

Exercising the renewal option for an additional six-months will allow time to launch a kiosk system in the various locations. This will mitigate the security risk and the need for security in the future. The State will realize a savings of \$20,259.20 from the initially outlined renewal option cost by only renewing nine locations.

36-GM. GENERAL OBLIGATION BOND PROCEEDS

Recommendation: That the Board of Public Works approve use of general obligation bond proceeds for the following contract.

Authority: §8-301, State Finance & Procurement Article, Annotated Code of Maryland

1. Agency: Department of General Services
Fund Source: MCCBL 2020 Provide funds for the repair and rehabilitation of State-Owned capital facilities. *Item 104*

1.1 Contract ID: Springfield Hospital Center Replace HVAC System - Muncie Building; S-660-210-001

Description: Evaluate existing HVAC system and provide recommendations for a new system. Also provide design and construction administration services for the entire Muncie Building HVAC system at **Springfield Hospital Center in Sykesville**. The current system is between 25 and 50 years old. Much of the system is original to the building. The Muncie building was built in 1972 with stand-alone A/C units in the original design. The existing HVAC system is inadequate for the building, leading to issues with ventilation and mold in the past. The new HVAC design will address these problems.

**37-RP. REAL PROPERTY
*Department of Natural Resources (File #00-8708)***

Recommendation: Approve the granting of an Easement from the Department of Natural Resources to Wicomico County, MD.

Property: Permanent Easements 3,729 square feet and 3,701 square feet for a total of 7,430 square feet located in Somerset County, within the Deal Island Wildlife Management Area (WMA).

Grantor: The State of Maryland, to the use of the Department of Natural Resources
Grantee: Wicomico County, MD

Consideration: \$1.00 (DNR has agreed to provide the easement without actual monetary consideration due to the benefit to the Wildlife Management Area).

Background: Wicomico County is the local sponsor of the U.S. Army Corps of Engineers for a maintenance dredging project designed to remove dredged materials from the Lower Wicomico River Federal Navigation Channel and to be deposited along the Manokin River to help restore marshland habitat. In order for dredge materials to reach the proposed disposal site(s) selected on the Deal Island WMA, a culvert pipe must be installed on WMA managed State property beneath MD Rt. 363, just East of Dames Quarter, in western Somerset County. The culvert pipe is necessary to allow the dredge materials pipeline to run beneath MD Rt. 363 without impeding traffic or causing any safety issues for motorists.

Appraised Value: \$82.00 - 01/19/2022 - F. Lee Gosnell, Fee Appraiser

Approved Value: \$82.00 - F. Lee Gosnell

Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20211110-0876. It is recommended to approve the 7,430-square-foot permanent utility easement from DNR to install a conduit pipe under MD Rt.363 to facilitate the transport of dredged materials to a beneficial use deposition site on Deal Island WMA property, contingent upon consideration of the Maryland Department of the Environment and the Maryland Department of Transportation’s qualifying comments.
